

Our Vision

Cohesive and effective Lake County senior center operations and services that increase the quality of living for senior citizens in all sectors of the County including unincorporated, city and tribal lands.

Our Mission

To seek grant funding for senior centers and non-profits that provide services to Lake County seniors and to support programs benefitting seniors and elders.

Our Goals

- ❖ To develop funding strategies to bring in outside financial resources.
- ❖ To support programs that provide benefits to seniors.
- ❖ To identify matching funds for targeted grants to support facility repairs and improvements.
- ❖ To promote the Foundation as a way for seniors to leave a legacy through trusts and endowments that specify how gifts can be used.
- ❖ To conduct an annual conference for seniors.
- ❖ To develop activities and opportunities for seniors to improve their quality of living.
- ❖ To manage and administer funds appropriated by funding agencies.
- ❖ To host recognition events for non-profit services dedicated to the support of seniors and elders.
- ❖ To provide information and education to seniors on issues of importance to their well being.

A Growing Concern

Lake County has a high proportion of senior citizens, 30% and growing by significant levels each year.

There aren't sufficient government resources to meet the needs of senior centers and other non-profits that provide meal and vital services to the elderly, especially those in need. At a time when multiple year fire and flood emergencies have depleted county discretionary resources, senior centers and non-profits are struggling with no means to fund major facility repairs and cover operational expenses.

The Imperative

The Lake County Silver Foundation was formed by seniors for seniors with a goal to identify funding through grants, angel donations, and trust fund endowments.

The needs are great and growing. Some of our facilities require immediate attention with long overdue repairs. Others would benefit from kitchen upgrades and improvements including more efficient heating and cooling systems. Elder care, food insecurity, isolation and elder abuse are also growing problems that need funding support. The time to act is now.
